STRAY DOGS SAFETY ADVISORY

It has come to the notice of the undersigned that the stray dogs are moving around inside college campus. The presence of dogs is a serious menace for majority of the students and staff members. Many students, teaching and non-teaching staff are often chased by dogs inside the college premises, which is a potential risk to human life. The corridors, classrooms, canteen, parking and other places inside the campus are often found to be filled with dog poop and pukes. The barking of dogs inside the college campus creates huge noise and disturbance for the students and staff members.

It is brought to the notice that some students and staff members harbor dogs by feeding them inside the college campus and near the outside area of the college campus. Therefore, all the students and staff members are advised to be vigilant and refrain from harboring dogs inside the college and near the outside area of the college campus as the presence of dogs is not only a serious menace. But also, a hygienic issue. To keep everyone safe, students and staff are advised to follow a few basic steps:

1. Do not feed dogs inside the college premises and near the outside area of the college campus.
2. Do not pet, tease, provoke or throw objects on the dogs.
3. Bin all food waste in the closed dustbins.
4. In case of a bite or scratch immediately wash the wound with soap and running water.

In case of any stray dog menace, you may seek help from the nearby security guard and report the matter immediately to the **Nodal Officer - Dr. Shivani Thakur (Assistant Professor, Department of Commerce)** Mob. 8285814340.
